

COURT REINSTATES LENGEL AS CANTON POLICE CHIEF

DAVIS SPEAKS AT CONVENTION OF FEDERATION

Labor Secretary Predicts
Shorter Working
Days Soon

High Wages Basis
OF PROSPERITY

Explains Cause of Weak
Spots in American
Industry

New Orleans, Nov. 23.—Predicting a shorter day with higher wages in American industry, Secretary of Labor James J. Davis, addressing the American Federation of Labor here today declared the long day and week principle is already "dead as a dodo," although there are a few sections of the country not yet in step.

Davis opposed reducing wages to prewar levels, and said prosperity is never promoted by wage cuts.

"Prosperity," he said, "is only created and enlarged by a liberal wage, and for the simplest reason.

Creates Market

"The millions of workers are the greatest buyers in our markets, and a liberal wage equips them with a buying power that makes business by the simple means of creating a bigger market."

Davis said that it was his firm conviction that the business leaders of the country "will soon link the shorter day with the higher wage as a cardinal principle of prosperity."

"American industry today and tomorrow faces some serious problems," he added. "It is plain to every person interested in the well-being of the country, whether he be employer or employee, that we can never reach the peak of prosperity unless every single industry can dispose of its product at a profit that yields a satisfactory return to its owners and a proper wage to its workers."

Industry Unstable

At the present time, he said, there are a number of industries that are in an unstable condition. He referred particularly to the textile industry.

"It has not kept pace with the onward march of our great divisions of business," he said. "It is true that the textile industry has had to contend with problems not easily foreseen or controlled. Substitutes, changing styles, over-development, and many other disturbing factors have sadly cut into the health of this once great staple of New England business prosperity. In a lesser degree the shoe industry, has

(Continued on Page 4)

Engaged to Wed

A romance of the Hollywood lots will blossom to fruition with the marriage of beautiful Dolores Costello (above) and John Barrymore, the bold lover of stage and screen. The announcement of their forthcoming marriage was first intimated that Barrymore had been divorced from his second wife, the former Mrs. Leonard M. Thomas, whose pen name is "Michael Strange."

Columbiana Youths Named for Parole

Four Columbiana county youths were among the 88 successful applicants for parole from the Mansfield state reformatory, announced at the November meeting of the clemency board.

They are: Merl Young, Salem; William Kirby, Philipp Longstreth, and Francis Terlockey. They will be paroled December 15, it was announced today.

COMMISSIONERS REVIEW PLANS FOR HIGHWAYS

To Meet Monday to Check
Work Scheduled For
Year of 1929

Considerable attention is to be given the 1928 Columbiana county road improvement program by the county commissioners at their meeting Monday. Inasmuch as the \$800,000 road bond issue program is in the last stages of completion, there is intent to continue road improvements as county finances will permit.

At least four road projects will be started early in the spring, and the contract for one has been awarded, that of surfacing the St. Clair township section of the East Liverpool-East Palestine road.

Lisbon-Elkton

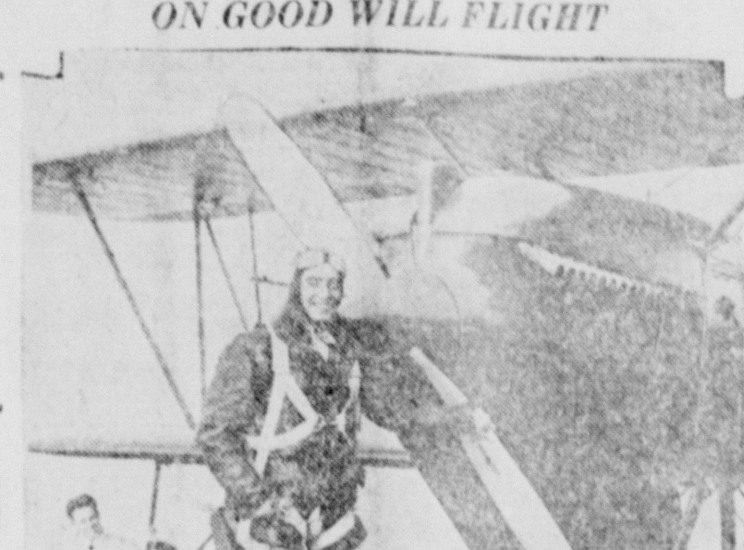

Surfacing of the Lisbon-Elkton road will also be started early next spring, but the surfacing award has not been made. This improvement will extend from the eastern limit of the village of Lisbon through Elkton and then over the new graded road to tap the East Liverpool-Youngstown road near Williamsport.

In the western part of the county, it may be noted that the road between Summitville to Kensington will be improved, and very probable over a route that lies entirely in Columbiana county. A portion of the present traveled road between these two points lies in Carroll county. However, it has been indicated that Carroll county will be unable to join with Columbiana county in the improvement of the present traveled road on account of the inability to raise sufficient funds for the Carroll county section.

Homeworth

A section of the Homeworth-North Georgetown road in Knox township that was recently graded is to be surfaced next season, and also the Moultrie-Stark county road in West township.

The Columbiana-Lisbon road now being graded will likely be given a permanent-surface next season, this project being in Fairfield township only. It is also likely that Columbiana county will surface from the East Palestine-East Liverpool road in Unity township to connect with a new road Pennsylvania is now constructing to the Ohio-Pennsylvania line.

ON GOOD WILL FLIGHT

In the best Lindbergh tradition Lieutenant Benjamin Mendez (above), ace of the Colombian air service, hopped off this morning to fly alone from New York to Bogota, Colombia, a distance of 4,600 miles. His plane is a Curtiss Falcon which he has named the "Ricaurte" after the famous Colombian patriot. Lieutenant Mendez had the advantage of a 30-mile wind out of the northwest blowing on his tail quarter. The plane is equipped with pontoons, the motor a Curtiss D-12 water-cooled type, of 435 horsepower, with a Curtiss-Reed all metal propeller. The plane has developed a top speed of 152 miles an hour, but its average cruising speed is 115 miles an hour, giving it a cruising radius of 12 hours.

Battle For Judicial Post Is Decided

Dayton, O., Nov. 23.—Through action of the election board in issuing an election certificate to Judge Robert C. Patterson, Democrat, a bitter battle over the common pleas court judgeship here was decided today. Patterson's margin of victory over W. S. McCaughy, Republican candidate, was two votes, Patterson receiving 44,292 and McCaughy 44,290.

BUYING ORDERS FLOOD MARKET UPON OPENING

Brokers Rushed to Limit;
Over a Million Shares
In First Hour

New York, Nov. 23.—Higher and still higher prices; break-neck speed and new high records for the number of shares bought and sold in a compressed quarter of an hour. How can the pace be kept up?

That was Wall street's problem as a new tidal wave of stock buying swept in over the stock market at the beginning of trading today. The pace of the first hour was above 1,200,000 shares, with an actual total of 1,327,200 shares officially tabulated by the stock exchange's computers.

Unfortunately, the brand new system for recording stock quotations, so proudly put into commission by the stock exchange heads yesterday, was knocked out of the running by the avalanche of business which completely clogged the works, in desperation the brokers strove to dig themselves out, and the clearing away of the overnight accumulation brought some relief to tired brains and bodies.

Seat at \$550,000

A seat of the exchange sold today at \$550,000 a new high record and an advance of \$20,000 above the last previous sale. More than 300 of the so-called inactive brokers have returned to the feast, making the working force on the floor of the exchange about 850 brokers and assistants, instead of 550 as under normal conditions.

Not the slightest police was paid the new \$170,000,000 expansion in the stock market, as reported after the close of yesterday's market. Such an increase would under normal conditions have had a sobering effect upon the market, but Wall street has become so inflamed over the action of the market that it gives little heed to important factors of this kind.

Nothing matters now but the rapid scaling of prices in a market gone mad until such time as it can be jolted back to its senses, according to the best posted bankers in the financial district.

Her Secret Is Out!

Here is one of the latest photos of Florence Trumbull, who finally admitted to friends that she is engaged to John Coolidge, son of the President and Mrs. Coolidge. She would not discuss the wedding date.

BACK PAY AND PENSION NOW DUE OFFICIAL

Served 5 Months in Pen
After Murder Of
Publisher

Lisbon Trial Frees
FROM DEATH CHARGE

Plans To Hold Office For
Few Minutes; Present
Chief Is Out

Canton, Nov. 23.—Saranus A. Lengel, deposed chief of police here, who served five months in the state penitentiary in connection with the Don Mellett murder, but who was afterwards given his liberty when granted a new trial, today was reinstated on his order of Common Pleas Judge William Stevenson, sitting here by appointment from Adams county. No details of the judge's decision were given.

Chief Lengel, it was said, plans to go to police station today and take over the reigns of the police department for approximately five minutes. By this act he will be entitled to approximately \$6,000 back pay and be eligible for \$1,500 a year police pension.

Lengel's reinstatement comes almost one year to the day from the time he was released from the Ohio State penitentiary for his alleged connection with the murder of Don R. Mellett, publisher of the Canton Daily News, in July of 1926.

After being implicated in the murder he was tried and sentenced to life imprisonment one year after Mellett's death. He served five months of this sentence when he was granted a new trial Nov. 27, 1927. Granted a change of venue he was tried before Judge Lones of the Columbiana county common pleas court and acquitted of implication in the murder.

Earl H. Hemmer, present police chief, it is said, will remain in office, as Lengel has announced his intention of resigning as soon as he once actually takes charge and becomes eligible for his back pay and pension.

Lengel, on advice from his attorneys, decided not to occupy office today to give the city a chance to appeal the decision if it wishes to do so.

Att'y. H. C. Pontius, who prosecuted the case for the city, is out of town today and is not expected to return until late this afternoon.

Meanwhile city officials are in a quandary as to whom is chief of police.

Mayor C. C. Curtis, known foe of Lengel's reinstatement fight, refused to talk.

ENGLAND'S KING REPORTED ILL

Congestion of Lung Cause
Of Alarm In Royal
Household

London, Nov. 23.—All England was alarmed today by the news that King George was suffering from a congestion of one lung, although last bulletins from his personal physicians stated that he was resting comfortably.

Shortly before midnight Sir Stanley Hewitt and Lord Dawson, of Fern, the royal physicians, were called in when the king's restlessness caused anxiety in the royal household. The physicians succeeded in reducing the king's fever and left at 1 o'clock this morning stating he was resting comfortably.

Dr. Larned, a third physician called into consultation shortly after midnight, did not find the king's condition sufficiently serious to warrant his staying through the night at the royal bedside and left with the other two.

Four years ago, the king suffered a severe attack of influenza followed by bronchitis. He was forced to go to the Mediterranean to recuperate.

CANFIELD MAN GIVEN HONORS

Awarded Gold Medal For
Ability In Raising
Of Cattle

Columbus, Nov. 23.—Ten Ohio farmers, adjudged the most "proficient and progressive agricultural leaders in the state during the past year, were awarded gold medals today designating them as "Master Farmers" of Ohio.

H. J. Bardsley, of Canfield, Mahoning county, was awarded the medal for having the highest producing herd in Ohio cow testing associations. Bardsley has 30 cows which average 440 pounds of butter fat a year per cow.

He is president of the Mahoning county Jersey Cattle club, is overseer of the county grange, and township trustee and community worker. Bardsley's cattle is considered the outstanding accomplishment in breeding type and high-producing cattle in Ohio.

Bardsley is one of the four hundred men who operate farms in northeastern Ohio. Other "master farmers" are:

R. M. Yeager, vegetable specialist, Lancaster; Louis F. Miller, president Lucas county Farm Bureau; P. E. Seitz, Cincinnati; C. F. Kreidler, Warren; J. E. White, Greenfield; John V. Hans, Canton; E. O. Redehaver, Coshocton county; G. C. Gerhard, Pickaway county, and Charles Manchester, Lake county.

GOVERNOR NAMES SALEM RESIDENT

E. H. Campbell, of Salem, vice-president and general manager of the Andalusia Dairy company, has been reappointed a member of the state board of agriculture by Gov. V. Donahue.

Announcement of this appointment was made today at Columbus. Campbell served as president of the board the last term. W. W. Ellenwood, Coshocton, Jackson county, has also been appointed a member of this board. The terms of these men will expire Oct. 10, 1933.

Radio War Clouds Gather As Congress Prepares To Open

Friction In Commission
Forms Basis For
Conjecture

BY ROBERT S. THORNBURGH

Washington, Nov. 23.—War clouds were gathering today indicating a first-class battle over the radio situation when congress meets in December.

Three phases of the fight are expected to develop. The terms of the federal radio commissioners expire February 23, but the commission remains in existence as a licensing body until March 15. The question of extending the commission's life as a regulatory body must be settled.

The present members, or others to be nominated, will be up for confirmation and unless action is taken promptly the commission for several weeks will be a licensing body without personnel to act.

Senator Checks

Senator Watson, Indiana, chairman of the interstate commerce committee, which has been looking into the radio situation for several sessions, is understood to be dissatisfied with the allocations given to Indiana stations. Indiana did not get a cleared channel or a high power station, although broadcasters at Fort Wayne and Indianapolis put up a fight for stations that might be regarded as national in scope.

Commissioners, however, pointed out that the law provides for equal distribution of radio facilities in the zones, and equitable service in the states. They contend that Indiana has been given a fair share of facilities and was not entitled to greater distribution.

Congress must decide whether the regulation of radio goes back to the commerce department, which under the present statute, would assume

the authority to license stations after March 15, or whether the commission will be continued as a licensing organization.

Up to Hoover

The question of continuation of the commission may be taken up with President-elect Hoover. When the commission was created Hoover was the "radio czar." He favored a commission and officials believe that he would prefer to see radio permanently regulated by such a body rather than being placed in the commerce department, despite his well known aversion to the commission system.

The position of Chairman Ira E. Robinson of West Virginia, is a peculiar one. Robinson refused to take part in the commission's new allocation, which it is claimed, has formed the basis for real radio service, on the ground that it was too drastic.

Furthermore Robinson opposed allocation of frequencies for television purposes, alleging that broadcasting of pictures for movies created interference. Also he sought to muzzle the other commissioners and to minimize publicity given to affairs of the body.

Since Robinson has declined to work with the rest of the commission it was assumed that he would not be nominated for re-appointment.

Commissioner O. H. Caldwell, who has taken a principal part in working out the regulation of radio, is said to be anxious to retire to private life, being a New York publisher.

BUNN IS NAMED BY MERCHANTS

At the annual meeting of the Better Business Bureau Thursday night at the Elks home, George J. Bunn was elected president. He succeeds A. K. Sweitzer.

Other officers elected at this meeting are: Vice-president, J. H. Campbell, executive committee, J. A. Schwartz, A. K. Sweitzer, J. R. Stratton.

Reports for the year were read by Mrs. Elizabeth Baker, secretary, and several plans for the future were discussed.

Bandits Captured Soon After Bank Is Robbed of Cash

Pittsburgh, Nov. 23.—Two of the four bandits who held up the First National Bank of Trafford City early today and escaped with approximately \$18,000 were captured in Duquesne, a suburb, a short time later, with O. M. Kimmell, whom they kidnapped at the time of the holdup.

The men had \$1,600 of the loot with them and Kimmell said that the other two of the four bandits alighted the car at McKeesport. The car was headed toward Pittsburgh when police stopped it.

VESSEL SINKING DURING STORM

Cunard Liner Standing
By; Unable To Give
Aid To Crew

Glasgow, Scotland, Nov. 23.—The Cunard liner Transylvania wireless today said she was standing by the sinking German steamship Herrenwilk in 54.33 north latitude and 25 west longitude. The seas were rough.

The master of the Transylvania sent a second message at 2 p. m., saying the water was so rough life boats could not be launched. The Danish steamship Estonia radioed that she had saved seven members of the Herrenwilk's crew before high waves compelled the rescuers to cease. The remainder of the crew were still aboard the sinking ship.

Washington, Nov. 23.—The cruiser Memphis has sailed from Manila in response to the S. O. S. call from the Japanese ship Saka Maru, which went aground off Masbate Island, in the Philippine group, the navy department was advised today.

Vestris Captain Died True To Traditions Of Sea

New York, Nov. 23.—A vivid picture of Captain Carey's last actions as he stood alone—a hero figure—on the hurricane deck of the sinking liner Vestris, wrapped in a long black overcoat, without any life preserver and hoarsely shouting orders to his men was given in an affidavit read today at the federal inquiry seeking to fix the blame for the disaster which cost 110 lives.

The affidavit was that of a British citizen, Edward Mills Walcott.

"My last recollection of the captain alive was just as the ship was sinking," Walcott deposed. "He was on the hurricane deck giving directions regarding the handling of lifeboat No. 6, which had been stove-in."

"Captain Carey was shouting. His voice was hoarse. On the last order his voice broke—"

"After the ship sank I saw his body floating in the water. He wore no life preserver."

The veteran captain had died true to the traditions of the sea. Walcott said in his affidavit that after he boarded the Vestris a week ago Saturday it listed slightly. Sunday the weather became rough and the list more pronounced. Sunday night a wave hit the ship and scattered the furniture about.

Arising at 6 a. m. Monday he was told by a friend that he better put on his heaviest clothing as the ship was going to sink. His friend, H. C. Johnson, wanted to go see the captain, but he was prevailed not to do so. Between 7 and 8 a. m., the crew said it was no use to bail water out of the leaking ship any longer.

Street Resurfacing Progresses Rapidly

Improvement of East Pershing ave by resurfacing with sheet asphalt is proceeding rapidly and will probably be finished early next week. Work is done by the Kelley-Mayer Construction Co. of Youngstown.

The street is being improved from Depot st. east to Lincoln ave. Work today had almost extended to Penn st.

Jury Finds Guilty Verdict In Chicago Election Scandals

Chicago, Nov. 23.—Fifteen of the sixteen "Eller defendants" charged with election frauds and violence at the polls, were found guilty by a jury in Judge John M. O'Connor's court today.

Joseph Annerino, alias Peppi Greco, the sixteenth defendant, was found "not guilty."

The jury had been out all night and at one time it was feared the jurors were hopelessly deadlocked. Fourteen hours were required to reach a verdict.

Morris Eller, boss of the "bloody twentieth" ward, and his son, Judge Emmanuel Eller of the criminal court, both of whom are under indictment on the same charges, were not among the sixteen defendants. The Ellers have won a separate trial.

Fines assessed against the fifteen defendants would total \$2,500. There were no jail sentences imposed.

Pastor Addresses High School Boys

Rev. Bernhart Mercer, assistant pastor of the First Methodist Episcopal church of Canton, spoke to boys of Salem High school at an assembly held in the high school auditorium Thursday.

"The four elements of character are honesty, courage, a spirit of friendliness toward everyone, and the willingness to do tasks assigned us," was the statement which Rev. Mercer developed as the main theme of his speech.

He also gave a talk to members of the Hi-Y club discussing the subject, "What Can I Do For The Other Fellow?"

"If we are going to build for success in life we must have character, a purpose in life and a zeal for higher education," he stated.

Columbiana County 4-H Delegates In Columbus Meeting

Eight delegates from Columbiana county are attending the 14th annual congress of 4-H clubs in Columbus. Jefferson, Carroll, Stark and Mahoning counties held their county meetings at Columbus on the campus at Ohio State university.

They are: Arthur Cowden, Donald C. Rupert and Miss Mildred Bretz, of New Waterford; Milton Heim and Miss Helen Louden, East Rochester; Perry McKenna, of Burnsville; Miss Mary Johnson and Mrs. James Shaw, Lisbon. Mrs. Shaw is chairperson of the delegation.

More than 500 boys and girls, representing nearly every club in the state are attending the meet. The final session will be held Saturday morning.

Joseph Lees, Ralph Geist, Mary Jane Ewing, Leona Warren, Bertha Calvin and Helen Seibel are representing Mahoning county.

Mullins Corporation Is Scene of Blaze

Salem firemen were called to the Mullins Manufacturing corporation at 3:57 p. m. Thursday, where a large vat of tar, situated in the new department, now under construction had caught fire.

Prompt action by the factory safety department, under the direction of Rex W. Rugg, city safety director, in applying chemicals to the flames quickly controlled the fire, which for 10 minutes sent flames 35 feet to the top of the building. No damage was done to the factory.

**Second 100 Per Cent
Red Cross Report**

Another 100 per cent organization was reported today in the annual Red Cross roll call. It is the Peoples Lumber company, every employee having enrolled in Salem chapter.

Workers in the drive are bending every effort to complete the task this week. The goal for Salem is 2,809 members.

Newspaper of Ancient Vintage Tells of Washington Burial

"On Wednesday last, the mortal part of Washington the Great—the Father of his country and the friend of man, was consigned to the tomb, with solemn honors and funeral pomp."

The story of the burial of the burial of George Washington, first U. S. president, is told in an original issue of the Utter County Gazette, published in Kingston, N. Y., Jan. 4, 1800.

The paper, now in possession of John W. Post, former Salem mayor, residing in Millville, is the property of F. P. Hartley, of Barnesville.

The full account of the interment of Washington is one of the most interesting articles in the paper, and contains with the regular news account of the funeral, a poem, dedicated to Washington, written especially for the occasion of his death.

An address of President John Adams in which he appoints a committee "to consider the most suitable manner in paying honor to the memory of the man, first in peace, first in war, and first in the hearts of his countrymen." Most of the issue is given over to speeches given in honor of Washington and accounts of the funeral services.

"The French army of the Rhine defeated the Austrians about the 8th of October with a loss of 3,000 killed and wounded."

"Two Spanish frigates, with three and one-half million dollars on board were captured by the British."

Notice of sheriff sales, "Strayed, a red heifer," and other interesting items are in the paper.

EDUCATOR CRITICIZES CRITICS

In these modern days, it seems, everyone levels criticism at everything with which they are in disagreement, and it has come to pass that the public school system comes in for, quite frequently, more than its share of this sort of thing. This, at least, is the belief of John K. Norton, director of research for the National Education association.

What Norton wants to know is why many of the good things about the schools are not reviewed, and he sets out to put folks right.

After perusing Norton's outline of schools in the United States—the national education system of the country—it is easily seen wherein he has a perfect right to hurl some barbs of criticism at the critics of the schools.

Here in the United States, it seems, the ideal of what the best and wisest parent wants for his child is that which the community must want for all its children. And it will be admitted that any other ideal for the schools would be narrow, and acted upon, would destroy the democracy of the school system.

It has long been appreciated that the public schools are the nation's greatest productive institution. Without the trained intelligence for which the schools lay the foundation, most of the wealth of the country would be impossible. This is a fact which is borne out by conditions in countries which maintain two systems of school—one for those who rule and one for those who are to be ruled.

And in acknowledging this, it is only proper to admit that a small part of the wealth which the schools play so great a part in creating, should be set aside for their maintenance. No upper class dictates what shall be taught in the schools of America. Since the schools are controlled by all the people, they enjoy, and rightfully so, the confidence of the people. But the battle to place the schools under control of all the people was not easily won. The victory was a precious one.

Even now the public schools are the battleground of vigorous minorities, supporting foreign hopes, protecting ancient prejudices or advancing special interests. But the people have so far managed to protect the schools from these influences. And nothing would so undermine confidence in education as to permit it to become an instrument for the propagation of the prejudices of factional groups.

Aims of the schools are fundamentally sound. These aims are the objectives toward which 900,000 American public school teachers are striving at all times as they work with the nation's 25 millions of children.

What Others Say

Mr. George W. Olney, leader of Tammany Hall, before setting sail for Europe yesterday made this somewhat enigmatic comment on the presidential vote in New York city.

The defeat of Gov. Smith after his brilliant campaign was a great disappointment to me. His vote for president in the greater city was 1,150,000, the greatest vote he ever received in this city.

Unofficial returns published Nov. 8 gave the governor 1,153,593 votes in the five city counties. That is the biggest total ever cast for him here. Yet from his point of view it must have been a disheartening total, since it did not show a normal gain, due to increased registration, and produced a plurality for him less than his plurality in 1922, 1924 or 1926. There is little variation in an increased vote, but it is accompanied by a smaller plurality.

The mass of the 1928 figures are showing the less glory attaches to local Democratic management. Gov. Smith has carried the city four times for governor and once for president. His plurality back in 1916, when the effect of the suffrage amendment on registration had just begun to be felt, was 270,141. In 1920, when he was defeated by Nathan L. Miller, it rose to 319,875; in 1922 to 470,216; in 1924 to 518,906. In 1926, it receded to 484,026, and in 1928 again receded to 446,633.

The governor was able in 1924 when the defeat of the Democratic national ticket was universally dis-

counted, to roll up a total vote here of 936,941 and to obtain a record-breaking plurality of 518,906. All the odds in the state fight were then against him. Yet four years later, running as Tammany's candidate for president, and with an increase in the total city vote of more than 500,000, he could not even hold his share of the new registration and saw his margin of advantage cut by 70,000. His aggregate vote rose only 218,649. The aggregate of his opponent rose 286,982. Had he maintained his 1924 ratio of strength he would have carried the state easily.

Tammany was evidently beaten on registration and on bringing out the vote. The Queens revolt was an additional handicap. Yet it can not be very plausibly intimated that the Tammany did its full duty to Gov. Smith by giving him 1,153,593 votes in the greater city. No wonder Mr. Olney put his cautious claim that it did in so brief, cursory and fragmentary a form.—New York Herald Tribune.

The coming wedding of Miss Elizabeth M. McDonald, of Painesville, daughter of Mr. and Mrs. William McDonald, this city, and John A. Ross, of Pittsburgh, will be an event of Dec. 5, at the home of the bride's parents.

Rollin M. Schwartz was given a surprise Monday evening at his home, the occasion being his 16th birthday anniversary. Mrs. Robert Atchison and Miss Leda Augustine on Monday evening gave a party at the home of the latter as a farewell to Miss Edna Stevens, who will leave next week for Cleveland to make her home.

Little Rock, Ark.—Additional reports of the tornado that swept the district of Arkansas indicate a greater loss of life and property damage than was first reported. The small town of Craven was completely wiped out.

In a recent report it was found that the village of Rogers has had two cases before its mayor in four or five years.

William Wallace, John and Ruth Bullard left Tuesday morning for Pittsburgh, where they were called by the critical condition of their father, R. E. Bullard.

Turkeys are selling for 25 cents live weight and 25 cents dressed.

Miss Virginia Benumoni left Monday evening for Philadelphia, where she will remain indefinitely with relatives.

Cambridge, Mass.—Dion H. Francis, 22, Massachusetts Institute of Technology senior, plans to evade prohibition laws by shipping frozen alcoholic drinks throughout the country. He contends that the law prohibits only the shipment of liquid intoxicants.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

SEEK THE CAUSE IN EPILEPTIC SEISURES

By Royal S. Copeland, M. D.
United States Senator from New York, Former Commissioner of Health, New York City

In my mail recently was a letter from a young mother in Pennsylvania. She tells me she has a 14-months-old baby boy, her first child and that she "does not know everything about babies yet!" I suppose nobody could ever know everything about babies. One of the great difficulties about bringing up babies is that mothers are told so many things that are not true. The friends who give the advice are sincere, of course, but many times they have permitted tradition to displace common sense.

However, this young mother has asked specifically about epilepsy. She said she had a visitor, a girl of about 14, who had suddenly fallen into a fit. It was the first time my correspondent had ever witnessed an attack of this sort and, of course, she was much disturbed by it.

Fortunately, epilepsy is not a common ailment, but when it does appear it has certain definite symptoms. Usually the victim has warning of what is to happen. He utters a loud scream or terrible groan. Almost immediately after this the patient falls to the ground, clenching his hands and kicking his feet. The eyes roll upward, the patient is purple, and there is more or less frothing at the mouth. Sometimes the tongue is caught between the teeth. This may cause the froth about the lips to be tinged with blood. During the attack there is loss of consciousness. Within a few minutes consciousness returns, but very quickly natural sleep follows. On awaking the victim is perfectly normal.

In girls and women there may be a certain periodicity about the attacks. They may come every month or so. In many instances, however, there seems to be no regularity about the seizures.

It is important for the person who has epilepsy to have a very careful physical examination and repeated examinations. It is necessary to find out if there is any focal infection. Abscessed teeth or tonsils, a diseased gall bladder, disease of the intestinal tract—any of these may be responsible for the seizures which is followed by epileptic fits.

It is a surprising fact that eye strain may produce such drainage of nerve energy as to produce a condition which may be followed by epileptic attacks. It is important to have an eye examination, not only to find out if there is a strain in the vision, but also to discover whether or not the eye muscles are in perfect adjustment. If there is lack of team work in the use of the eye muscles, any form of functional nervous disorder may follow.

It is important to practice all the simple rules of hygiene. Simple living, out of door life, plenty of sleep, lots of sunshine and exercise—all these are essential to the building up of the body and the strength of the nervous system.

Answers to Health Queries

S. M. Q.—If a doctor has given up a patient because X-ray revealed a cavity in the left lung and inflammation in the right, is there any way to prolong the life of the patient? Is the sun of benefit when the coughing comes from the stomach and not the lungs?

2.—The patient dislikes milk; what could be substituted?
A.—The patient should be placed in some sanitarium where he can have careful attention and the necessary treatment. Yes, direct sunlight and fresh air are beneficial under any circumstances.

2.—A well balanced diet including plenty of fresh eggs, the latter may be beaten up and disguised in many ways. Adding a little chocolate to the milk or egg nog should be tempting and most nourishing.

J. Z. Q.—What essential is lacking when the enamel of the teeth becomes soft and chalky?
2.—What would be helpful in overcoming this condition?

A.—Mineral salts.
2.—It would be advisable to eat plenty of fresh green vegetables, fruits, eggs and milk.

L. E. Q.—Will using soap on the face ruin the complexion?
2.—I have a red mole under one

B. GENEVIEVE KEMBLE.

UNDER the conflicting forces of the planetary host this day may be one of many contradictions. While the trine of Saturn to Luna will fortify and sustain firm allegiance to duty and principle, encouraging diligence and perseverance to the affairs in hand, yet a wise and alert mind may be required to produce difficult financially and in employment. Personal affairs seem beset by dangers through tempest, violence or self-indulgence. Order, severity and industry are enjoined.

Those whose birthday it is may have a difficult year unless they bring to bear the stability, application and persistence of Saturn, with its ultimate rewards to overcome temptations and confusion. Finances and employment need safeguarding.

A child born on this day may have a fine and studious mind, inclining to hard labor and perseverance, but may need discipline as to its personal characteristics.

I do my duty; other things give me no concern; either they are needless or unnecessary, or misguided and ignorant of the right way.—Marcus Aurelius.

eye. Would this ever cause trouble?
3.—Will salt water be of any benefit to the eyes?
4.—What should a girl of 18, 5 ft 1/2 in tall weigh?
A.—Not if the soap is pure and non-irritating.
2.—Have your doctor examine it and then he can suggest the necessary treatment.
3.—No.
4.—She should weigh about 115 pounds.

K. K. Q.—Will the use of lemon juice on the face cause it to wrinkle?
2.—How can dandruff be banished?
A.—No.
2.—For full particulars send a self addressed stamped envelope and repeat your question.

E. W. Q.—What causes dizziness and what can I do to overcome it?
A.—Indiscretion in diet is usually responsible for dizziness. You must avoid sweets, excessive starches, coffee and tea. For full particulars send a self addressed stamped envelope and repeat your question.

Mr. and Mrs. E. E. Grimes were 6 o'clock dinner guests at the home of Mr. and Mrs. V. L. Thomas of Alliance Tuesday evening.

The Loyal Workers Farm Woman's club held their monthly meeting at the home of Mrs. Jacob Christen Wednesday afternoon. Election of officers for the coming year was a feature. A program followed. Roll call, "A Thanksgiving Quotation." Leader, Miss Joanna Braud. The topic, "How much better off is my home equipment from this year's program," was discussed.

the Doctor says:
Don't drape
YOUR COUCH

It is not wise to use remedies which depend upon "dope," such as narcotics, chloroform, cannabis or tar products. They may stop your cough temporarily by numbing the tissues, but most cough mixtures do, but this is not enough.
The inflamed air passages must be soothed naturally, the germs which have invaded and multiplied in order to effect a lasting recovery.
PERTUSSIN assists Nature to accomplish these results in a remarkably short time, and it is absolutely harmless.
Said to kill germs in large and small bottles.
Safe for Every Cough

Story of our first Thanksgiving

Day, Mrs. Ida Stanley.
Mr. and Mrs. Barclay Gobell celebrated their golden wedding anniversary at their home northeast of Homeworth Sunday. About 60 relatives and friends were present from Alliance, Massillon and other surrounding towns. An excellent dinner was served. Mr. and Mrs. Gobell have lived in this vicinity all of their married life. A pleasant social time was enjoyed and the honored couple received many fine gifts. Mr. and Mrs. Gobell were married fifty years ago in Paris. They have three sons living, Curtis of Canton, Frank of Hillcrest and Ira, near Homeworth.
Mr. and Mrs. Forest Ruff and son, Paul of Cleveland were guests of relatives in this community several days. They were accompanied here by the former's mother, Mrs. Lena Ruff who will spend the winter with them.

There will be a Thanksgiving program given by the Moultrie School at the Moultrie chapel Tuesday evening, Nov. 27.
Arthur M. Thomas and Laird Morrow of Beloit were in Homeworth on business Wednesday.

In Thanksgiving Suits and O'Coats, Will You Let Value Do the Deciding?

With every store in this and every other city in the newspapers and with every size type of the printers font working overtime, we simply want to say this—

For the past week, we have listened to dozens of different expressions from men who have looked here as well as around and in 70% of the cases, we were advised that our values were the deciding factor.

Michaels-Stern Suits from... \$25.00 to \$50.00
Michaels-Stern Overcoats... \$25.00 to \$45.00
Our \$18, \$20 and \$22.50 Suits and Overcoats are as good as you can buy anywhere.

Social Affairs

Hospital Graduates Meet To Form Alumna Society

Graduates of Salem City hospital training school for nurses had a dinner meeting Thursday evening at the Quaker Tea House, McKinley ave., for the purpose of re-organizing their alumni.

Mrs. Vets. of Youngstown, president of District No. 3, Association of Nurses, was a guest at the meeting and gave a talk on "The Alumna Organization, and Its Importance in the Nursing Profession."

A constitution was accepted and these officers chosen: President, Miss Ann Thomas, Salem; vice president, Miss Alice Whitacre, Salem; secretary, Mrs. Paul McNeel, Salem; treasurer, Miss Elizabeth Steer, Damascus; trustees, Mrs. Lawrence Berg, Leetonia; Miss Margaret Geiz, Salem; Miss Carrie Hartford, East Palestine; Miss Frances Camp, Salem; committee on constitution and bylaws, Mrs. Lucille Byers, Miss Olive Dickey and Miss Marion King, Salem.

Two honorary members were elected, Miss Susan Emmott, superintendent of the Salem City hospital, and Mrs. Pauline Tweeddale, of Salem.

Those in attendance from out of town were: Mrs. Charlotte Houck, of Alliance; Miss Elizabeth Steer and Mrs. Zola Miles, Damascus; and Miss Hartford, East Palestine.

The next meeting will be on the second Friday of April, 1929.

MARTHA WASHINGTON CLUB

Mrs. W. L. Fuels welcomed associates of the Martha Washington club to her home on North Union ave. Thursday afternoon.

Invited guests were Mrs. Frank Leach, Mrs. L. G. Gresh and Mrs. L. D. Beardsmore.

The hours passed happily at cards and at first and second high score honors went to Mrs. Julia Finley and Mrs. Mabel Hubler, respectively.

The hostess served a lunch. A meeting in two weeks will be with Mrs. Charles Baker, Jennings ave.

NEEDLECRAFT CLUB

Mrs. Francis Zeppernick was an invited guest when members of the Needlecraft club met Thursday afternoon at the home of Mrs. Sam Greenwalt, Woodland ave.

The time was spent informally with fancywork as the main diversion. Music entertained and a lunch was served.

In two weeks Mrs. James Goodwin will entertain at her home, Evans st.

KIRBY MEALS

The wedding of Miss Ruth Kirby, of Detroit, formerly of Salem, and Wayne Meals, of East Palestine, was an event at the Methodist Episcopal church, Nov. 19, it was announced today. The ceremony was performed by Rev. Earl Roe, pastor of the church.

Mrs. Meals is the daughter of Mr. and Mrs. Walter C. Kirby, Ohio ave. Meals is the son of Mr. and Mrs. P. C. Meals, East Palestine. They will be at home to friends at their home, 143 South Walnut st., East Palestine.

Following their marriage, Mr. and Mrs. Meals took a short trip through Ohio and Michigan.

PYTHIAN SISTERS

After a meeting of Friendship temple No. 109, Pythian Sisters Thursday evening at the hall, Chestnut st., a social period was held, at which the Knights of Pythias were guests.

The hours were enjoyed in playing "500," "66" and euchre and a lunch was served.

Members of Friendship temple will meet Friday evening at the hall to practice for a play which they will give at the annual district convention to be held in February in Salem.

MOOSE WOMEN'S PARTY

Mrs. John Enright and O. B. Warner won the first prizes at "500" at the card party given by Salem chapter No. 68, Women of the Mooseheart legion, Thursday evening at the hall, Main st. A lunch was served.

The party was well attended and some of the guests were from Leetonia.

At a meeting of the chapter preceding the party officers were nominated and they will be elected at a meeting on Dec. 5.

YOUNG PEOPLES CLASS

Members of the Young Peoples' class of the Christian church enjoyed a covered dish supper Thursday evening at the church.

At a short business meeting winter activities for the class were planned and it was decided to hold a pep service at 9:30 a. m. Sunday in the class room at the Educational building, Green st.

The committee in charge of the supper included Misses Olive Wilson, Anne Moore and Clementine Blythe.

MARRIAGE LICENSES

A marriage license has been issued to Floyd Muxton of Salineville, a miner and Miss Clarice Six, daughter of Mr. and Mrs. Albert Six of Kensington. They were married at Lisbon by Justice of the Peace M. K. Zimmerman.

Ross Freeman of Salem, employed by the Mullins corporation, and Pearl Creech, also of Salem, formerly residing in Georgia, and daughter of Mr. and Mrs. W. C. Creech.

BANG BANG CLUB

Mr. and Mrs. Charles Leaf entertained members of the Bang Bang club Thursday evening at their home Brooklyn ave.

Prizes were awarded to Earl Hutchinson, Mrs. Frank Bolen and Mrs. R. Stoffer. A lunch was served by the hostess after the games.

In two weeks Mr. and Mrs. Bolen will entertain at their home, East School st. A Christmas box will be a feature of this meeting.

CIRCLE 3

Seventeen members of Circle 3 of the M. E. church attended a meeting of the circle Wednesday afternoon at the home of Mrs. W. W. Teleten, East High st. Important business was discussed.

Mrs. Teleten and her associate hostesses, Mrs. N. L. Reich and Mrs. H. B. Thomas, served refreshments.

RHODA CIRCLE

The Rhoda circle of the Presbyterian church met Thursday evening at the church. One new member was added.

Mrs. O. P. Ashead gave an interesting talk on Thanksgiving and Miss Dorothy Cobb reviewed a chapter from the study book. Refreshments were served.

CIRCLE 2

Circle 2 of the M. E. church will hold an old-fashioned dress party Monday evening at the home of Mrs. John Wingard, East Seventh st.

Mrs. C. E. Whinnery has just returned from Fairlawn, O., where she visited her daughter, Mrs. R. B. Searight, Mrs. Searight and three children will sail Dec. 8 for Germany, where they will join Mr. Searight, and spend the winter in that country.

LUTHER LEAGUES SPONSOR RALLY

Canton Youngstown group To Hold Session In New Springfield

Rev. E. C. Herman, D. D., Canton, will give the afternoon address, and Miss Mirtie Ross, of Salem, president, will be in charge of the business session, at the fifth rally of Luther leagues of the Canton-Youngstown federation to be held Sunday afternoon and evening at Emanuel Lutheran church, New Springfield.

At the evening session the Salem Junior league will give an episode from the pageant, "Under the Southern Cross."

The program for the two sessions will open at 2:30 o'clock with an acquaintance period and registration. The song service at 3 o'clock will be conducted by Ray Hindol and Rev. Geiger, of Alliance, will have the devotionals.

Special music will be furnished by the orchestra from Emanuel Lutheran church, New Springfield, and a Girls quartet from this church will sing at the afternoon session. Rev. Bright of the New Springfield church will have the closing service in the afternoon.

After a fellowship hour a league meeting will be held in charge of the Lordstown league. The topic will be "Stewardship and Missions." A Boys quartet and an orchestra from the New Springfield church give the special music at this service.

Pittsburgh Women Win Bridge Title In Cleveland Meet

Cleveland, Nov. 23.—As the second annual congress of the American Auction Bridge league, in session here, entered its third day, intense interest over the final rounds of several championship matches to be played this afternoon and tomorrow was being manifested.

Miss Margaret Beach and Mrs. H. D. Stahl, both of Pittsburgh, won the women's pair championship of the United States at a match yesterday.

The two Pittsburgh women gathered further laurels when they turned in the high pair score for the team-of-four play event.

This event was won, however, by Mrs. Sidney Lovell, and Mrs. Elliot Evans, both of Chicago, with Mrs. Grace Buschman and Mrs. A. H. Coffin, both of Indianapolis, as pair partners.

Top scores in other events were made by Mrs. R. E. Neidham, Greenville, Pa., Ely Culbertson, New York, E. J. Tobin, Chicago, and Baron Von Zedwitz, an Austrian nobleman.

Ohio Youths Break From Toronto Jail

Toronto, O., Nov. 23.—John Merkle 19, and Raymond Walters, 23, both of Wellsville, were being sought by police today following their bold escape from the city jail here last night.

The locks on their cell doors were found broken. The men walked from the cell, through the "bull pen" past officers, and were out of sight when their escape was discovered.

THE LUTHER LEAGUE WILL HOLD A ROAST BEEF SUPPER SATURDAY NOV. 24th IN THE BASEMENT OF THE EMMAUEL LUTHERAN CHURCH PRICE 75c.

PERSONS DESIRING PARTY TABLES FOR THE CHICKEN AND WAFFLE SUPPER NOV. 24, PHONE 692.

LOANS up to \$500

Here's more good news—The City Loan announces another movement forward for the benefit of its thousands of patrons.

From now on, payments on installment loans over \$100 will gradually reduce as a loan is paid out and every customer who pays "on time" or before his payments are due will save ten per cent of the interest on each of these regular payments. It will mean a worth-while saving to all City Loan customers.

When you want to borrow on your own responsibility and your own personal security you will do well to enlist the services of The City Loan where your own paying record can save you money. A loan can be arranged by any member of your family at any time.

Elmer C. Legabill, Mgr.

Scientists Discuss Methods of Producing More Gasoline

Gas Will Become Serious Competitor of Coal For Homes

Pittsburgh, Nov. 23.—The ambition of technologists to convert crude oil entirely into gasoline may be realized through a combination of processes outlined by Dr. Walter F. Rittman, head of the department of commercial engineering, before the second international conference on bituminous coal here today.

Rittman cited that one important American oil refinery is now planning to provide facilities for this undertaking, which he claims is necessary because of gigantic projects now under way to provide the country—especially the middle west—with natural gas at prices low enough to offer serious competition to coal.

Problems

"The problem of the middle west petroleum refiners is, and very probably will continue to be," Rittman asserted, "make more gasoline and less fuel oil from a given quantity of crude oil."

Hitting at the principle theme of the conference—the manufacture of petroleum from coal—Rittman went at the industry to unusual activity, and so has brought about another example of unrest and utter disorganization. When the war demands had been filled the country had a potential production that was nearly double the commercial, household and transportation demands of peace.

"The result has been numerous wage cuts, unemployment, and all the other ailments that follow in the wake of over-production and fierce competition," he said. "It seems as if wise business men and intelligent workers might have worked out some remedial methods to meet these difficulties, but the situation has apparently resolved itself into a test of endurance, with the old law of the survival of the fittest at work, while all concerned merely wait and hope for a miracle to come along."

mechanical equipment will be perfected to improve the sizing of coal and reduce the ash content.

Jean Bing, noted French technologist, discussed recent developments in the tar and gas industries of France. In the French tar industry, he pointed out, there is now a tendency toward consolidation of small distilleries into large units. The same tendency was noted in the gas industry which, he said, is now becoming increasingly dependent on coke even for their supply of gas.

DAVIS SPEECH

(Continued From Page One)

been troubled by too much capacity to produce that which we now consume, with subsequent unsettlement in many sections."

Soft Coal
Referring to the soft coal situation, Davis said that the war stirred that industry to unusual activity, and so has brought about another example of unrest and utter disorganization.

"The result has been numerous wage cuts, unemployment, and all the other ailments that follow in the wake of over-production and fierce competition," he said. "It seems as if wise business men and intelligent workers might have worked out some remedial methods to meet these difficulties, but the situation has apparently resolved itself into a test of endurance, with the old law of the survival of the fittest at work, while all concerned merely wait and hope for a miracle to come along."

"Lightning Doesn't Strike Twice!"

That was the comment of a trio of Vestris survivors who refused to allow tragedy to interfere with their plans for visiting South America. Here is Paul A. Dana, hero who swam 22 hours before being rescued by S. S. American Shipper; J. F. Twomey and A. C. Patterson (inset at top), all passengers aboard the liner Southern Cross.

Hoover Sails Into Area of Terrific Heat; Radio Tells

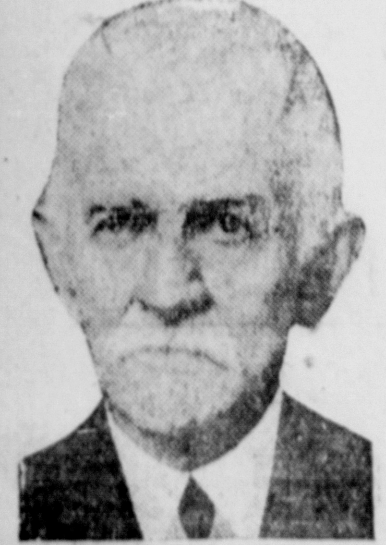

BY LARENCE SULLIVAN
Aboard U. S. S. Maryland, (via Arlington, Va., radio station) Nov. 23.—Steaming steadily southward along the Mexican coast at a speed of 17 knots an hour, the battleship Maryland, carrying President-elect Herbert Hoover to Central and South America on his Latin-American "good-will" mission, today entered the gulf of Tehuantepec and is expected to pass a point opposite the Mexican-Guatemalan boundary line this evening.

Heat Terrific
Mr. Hoover and his party are beginning to feel the effects of the terrific tropical heat now being encountered. It is almost impossible to remain below decks either night or day. Even the president-elect remained on deck until midnight last night.

The heat waves circling about

TREATMENT OF NEW KONJOLA BANISHED STOMACH TROUBLE

States That Master Medicine Proved To Be Of Exceptional Merit

Mr. MILTON MATHEWS
"Konjola proved to be a medicine of real merit in my case and it restored my health after all else failed so that is my reason for making this public endorsement," said Mr. Milton Mathews, R. F. D. No. 9, Xenia, Ohio.

"I am seventy-four years old and at that age, I did not think I had a chance to ever get rid of my stomach trouble. I lost my appetite and became undernourished and weakened. Belching, gas, bloating, and indigestion pains came over me just as soon as I finished eating. I was always tired and lacked the ambition to accomplish anything. In fact, life was just a steady round of suffering.

"Someone recommended Konjola and I made up my mind to give it a trial. No one will ever know how wonderfully this medicine helped me. At my age when one remedy can banish every trace of stomach trouble, you know it must have unusual merit. Konjola relieved the stomach trouble so that all symptoms are permanently ended. I am filled with energy and vigor and have been benefited in every way.

Konjola is sold in Salem, Ohio at all J. H. Lease stores and by all the best druggists in this vicinity.

the ship last night were so intense that the rollers of the printing press used to put out the Maryland's newspaper, "The Evening Hurricane," melted. They became so soft that they were put into the refrigerator plant for seven hours. They were then used but only enough copies of the paper for the Hoover party and the ship's captain could be turned out so the other officers and the crew will be without their paper today.

Salem Church Makes Report at Meeting

The annual meeting of the Holy Trinity English Lutheran church was held at the church Thursday evening. Reports were received from the various church officers of the work of the past year.

The annual reports were received from the Sunday school, Women's Home and Foreign Missionary society, Deacons society, Men's Brotherhood, Luther League, Light brigade and Young Women's Missionary society. Each report showed progress and advance in the past year and more extensive plans were made for 1929. The report of the Building committee showed a growth since the first of last year.

The budget for next year was presented by J. A. Fehr, chairman of the finance committee, and was adopted.

Gary C. Greenisen and Dr. E. A. Oles were elected deacons for terms of three years. Other elections were as follows: Financial secretary, Miss Mable Ross, organist, Mrs. G. C. Greenisen; assistant organist, Miss Ruth Hoch; chorister, S. H. Kurtz.

Suggestions were made that the church arrange some plan to cordially welcome through the employment offices of the factories of the city the many newcomers into our city.

Zonite

For Cuts and Wounds
Prevent infection! Treat every cut, wound or scratch with this powerful non-poisonous antiseptic. Zonite actually kills germs. Helps to heal, too.

Keep youth longer!
cleanse the system of poisons

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

kets; 2:45 Dartmouth-North-
western Football.

From WLW, one of the most pop-
ular radio stations since government
reallocation went into effect, the
programs offered regularly by the
WLW Office Boys are continually
one of the station's leading attrac-
tions.

The Office Boys are LeRoy De
Turk and Ray Sullivan. DeTurk
plays the piano, sings baritone,
and gives comedy readings. He comes
to radio with a background of vaude-
ville experience that carries over
to the microphone. Sullivan, a
tenor, has been a mainstay of WLW
programs for some time.

The "Office Boys" are heard on
Tuesdays at 4:30 p. m. and on Mon-
days, Wednesdays and Fridays at
5 p. m.

The "Office Boys" are not the
kind of ordinary office boys.
They may sharpen their pencils—
but when they do, it is to count the
letters that indicate their appeal to
the radio audience.
When they pick up newspapers it
is to read what radio critics have
to say of them. They answer the
telephone, but it's only to "smile
because some radio fan just can't
hear them close enough to be sat-
isfied.

Insurance Executive Resigns From Post

Columbus, Nov. 22—Gov. Vic Dona-
hey today was in receipt of the
resignation, effective Dec. 15, sub-
mitted by William C. Safford, super-
intendent of the state insurance de-
partment. Safford will assume his
new duties as vice president and
manager of the American Liability
& Surety Co., Cincinnati after re-
linquishing his state post.

Safford, appointed to the insurance
department when Gov. Dona-
hey took office, was named assistant
superintendent three years ago and
on April 15, 1927, was appointed su-
perintendent, succeeding Judge
Harry L. Cohn, Van Wert.

Safford's successor, selection of
whom is now being considered by
Gov. Donahey and Director of Com-
merce Earl Bloom, will serve only
one month, the new administration
plans. Y. Cooper, governor-elect,
taking office Jan. 14, 1929.

Last Rites for S. S. Vestria's Victims

The above photo constitutes last, tragic chap-
ter in the S. S. Vestria drama. It shows caskets
of seven victims leaving Trinity church, in
Hoboken, N. J., after funeral services were
read.

Prosperity Predicted By New York Financial Baron

New York, Nov. 23—"I see no
trouble ahead in the financial sea-
son and the outlook is for clear sailing,
subject to an occasional squall,"
said Irving T. Bush, president of
the \$50,000,000 Bush Terminal com-
pany, to International News Ser-
vice today.

Over the short span of 25 years
Bush created and built the greatest
dock-shipping and warehouse cen-
ter in America, covering 200 acres
on the Brooklyn side of New York
harbor. Attracting to that location
hundreds of business and manufac-

turing concerns, importers and ex-
porters to whom the matter of quick
handling of shipments is a very im-
portant factor, Bush has built up a
city within a city, and demonstrated
the great value of efficient terminals
in developing the foreign trade of
this country.

Asked specifically on what he
based his optimistic forecast, Bush
said: "The country is not over-
stocked with goods, there is ample
credit reserve intelligently directed
by the federal reserve board, and the
relations between capital and la-

bor were never better because, al-
most for the first time, enlightened
ownership—both labor and business
—appreciates that we are all in the
same boat, and the only class inter-
est worth while is to further the in-
terests of every class, and be content
with a fair share."

On home and foreign political
conditions and accomplishments
Bush is particularly bullish.

"We have the presidential year
behind us and the reasonable prob-
ability of eight years of sane lead-
ership ahead," he declared. "Europe
is crawling out of the debris of the
war into a more solid footing. Her
manufacturing capacity is increas-
ing, her purchasing power permit-
ting a larger influx of outside goods,
and the living conditions of her
people are considerably improved.

All this makes for contentment and
a broader foreign market for Amer-
ican goods."

Bush warned, however, against
indulgence in over-confidence and
taking too much for granted in the
conduct of our business affairs.

Odd Fellows Activities

Nomination of officers claimed attention at a meeting of Amity Lodge No. 124, I. O. O. F., Thursday evening at the hall, Broadway.

Officers will be elected at the first meeting in December and there will be a social in connection with that meeting.

Tonight there will be a dinner meeting of the past grands of District No. 27, at East Palestine, and several from Salem expect to attend.

Monday night the Three Links Social club will have a covered dish supper at the hall. The meal will be followed by a business session.

Eastern Star

Dr. T. T. Church will be master of ceremonies when Salem chapter No. 334, order of the Eastern Star, installs its new officers at a meeting, Monday evening, Dec. 3, at Masonic temple.

Mrs. Curtis Phillips will be marshal and Mrs. Herman Wright the chaplain.

Attend Inspection

Mrs. Paul Fink, Mr. and Mrs. Ballard Dixon, Mrs. G. H. Mounts and Mrs. Cora Schwartz attended the inspection of the Rebekah lodge in East Palestine Thursday evening. The inspection was conducted by Mrs. Hope Bell, of Columbus.

City Hospital Notes

These patients are in the Salem City hospital for surgical treatment: Carl Lehman, of Columbiana; Mrs. Mary Mansell, East Palestine; Bel-den Wight, Salem; Mrs. Cleo Mc-

Master of Canfield; Mrs. Anna Grinn, Salem.

Mrs. Pearl Munsell of Beloit, and Joseph Barker of Youngstown, had their tonsils removed at the hospital.

Mrs. Anna Galbreath, of Leetonia, a patient at the hospital, has been discharged.

Maccabee Jewels

Quaker City court No. 116, Maccabee Jewels, will meet at 2 p. m. Saturday at the hall, Main st.

Salem High Forced To Alter Lineup For Palestine Game

Changes Necessary As Joe Pasco Is Declared Ineligible By Faculty

After working all season forming a combination that could put out the brand of football displayed last week against New Philadelphia, Coach Floyd Stone is again facing difficulties that will greatly change the pre-game status of the Salem High-East Palestine contest, scheduled for Reilly Stadium, tomorrow.

Joe Pasco, left end, was declared ineligible this week—a victim of scholastic difficulties—and will not appear in the lineup tomorrow. There is no suitable substitute available for his position, due to the absence of Freddie Guilford, who was forced to quit on account of illness, and the removal of Ed Schilling, sub end, to Youngstown. Stone is at a loss as to what the lineup will be for the game.

Pasco was playing the best football of his career last week against New Philly, and the troubles that Stone has been having with the end situation seemed to have finally been solved. End position were the team's weakest point until the New Philly fracas, and now after having been suitable worked out, the old bugaboo pops up again.

Team Weakened

The only satisfaction which Stone is able to get from the unexpected ultimatum of the school faculty, which declared Pasco ineligible, is that it did not happen for any other game this season. A suitable aggregation may be worked out to lick Palestine, but it is doubtful whether this team will give the Brown and White the trimming that the regular eleven would have.

This is, of course, considering that Salem will defeat Palestine. The Red and Black is given the edge, according to the dope, but this same dope gave it the best chance in its game against Youngstown South, which they lost. With the rivalry between county schools at the intensity it is this year, and every opponent aiming to give the Red and Black its first county trimming in years, figures can't mean very much.

Schmidt May Start

George Schmidt, understudy to Capt. Jimmy Scullion at center, may be given the call to Scullion's post, and Jimmy shifted to Pasco's position. Scullion is speedy, a good receiver of passes, and a bear on defense, and may work well at the terminal. Schmidt, a tall, rangy lad, working persistently on the scrubs for the third year, is developing into a classy griddier and probably would be in the varsity lineup regularly but for his captain.

This is but one of the ways in which Stone hopes to get out of his predicament. Fatsy Konert may be shifted to end and Sammy Drakulich to half; Yates, who started the season as an end, might be relegated back to his old post, Corso back to tackle and Rogers, Bailey, or Hippely to guard.

Scullion Needed

Scullion can't very well be spared from the center position, due to the class, which Dornon, Palestine pivot man has shown this season, so it will probably be one of these latter changes which will be effected.

Herbert, and Harford, tackles, Dornon, U. Taus, and Marshall, guards, and P. Taus, end rate as the best linemen of the Palestine squad, with Dornon and Herbert being termed its leaders. Mollenkopf, fullback and F. Corby, captain and quarterback, are the leading backfielders.

Corby has pulled off several sensational runs this season, among them a 60-yard run around end in the Leetonia game. Mollenkopf, the team's heaviest player, is used on line plays, and alternates in the fullback position with Steinhauer, another plunger of more than ordinary ability. Curry started the season at quarterback but has been out of the last couple games on account of injuries, and probably will not appear in action against Salem.

Stone Pessimistic

With a duplication of the clayey grid work of last week Salem should have little difficulty beating Palestine. Stone, however, is pessimistic as to the chances of his team's playing the stellar game tomorrow that it did against the Phillies, and predicts a hard struggle.

The Red and Black, especially the star running backs, Sidinger and Kennert will be handicapped by the slippery field, as to all appearances, winter has come to stay, and this means no more fields like last week's. And the condition of the field will have a lot to do with the style of work displayed by the Stonemen.

Philadelphia — Praise for high heels comes from Lady Heath. They help women to fly, not because they get the wearers higher up in the air, but because they improve the sense of balance.

Chio State All Set For Illinois Game

Columbus, O., Nov. 23.—With all of the players in tip-top playing condition, the Ohio State university football team was expected to arrive in Champaign, Ill., sometime early today where it will clash with the university of Illinois grid team, in the final game of the Big Ten season, Saturday.

Mid an arousing celebration in which thousands of students and fans participated, the Buckeye eleven left here last night at 11 o'clock on board a special train with the coaches and training corps. The send-off celebration took place at the union station.

Free-game posters gave Ohio an even break with the Illini. Both teams will enter the game with their states marred by one defeat each. The Illini were defeated by the Michigan squad and Ohio's chances to annex the Big Ten crown were faded by the invading Hawkeye aggregation from Iowa.

Columbus Doctor Is Dean of Xenia Staff

Xenia, O., Nov. 23.—Closing its annual meeting with an inspection of the \$100,000 hospital being constructed at the Ohio Soldiers and Sailors' Orphans' home, the medical and surgical consulting staff of the home today had elected Dr. Cassius Shepard, Columbus, orthopedic specialist, as dean of the staff. Dr. A. C. Messenger, Xenia, was re-elected secretary.

Four new members were elected to the staff. They were: Dr. Grieme Mitchell, University of Cincinnati; Dr. A. C. Bachmeyer, University of Cincinnati; Dr. Walter M. Simpson, Dayton, and Dr. J. W. Stewart, Dayton.

Robert S. Harsh, Columbus, state architect, addressed the staff at their banquet meeting.

Carnegie Tech Holds Attention of Grid Fans

BY DAVIS J. WALSH
Pittsburgh, Pa., West Point, N. Y., Madison, Wis., and Berkeley, Cal., will be the four points of the football compass tomorrow, the quadrangular focus of a nation's eyes. Full many a ball game will clamor for national interest elsewhere—

with that hallowed institution, Harvard versus Yale, by no means in the background—but Carnegie Tech and New York university, the Army and Nebraska, Wisconsin and Minnesota and California and Stanford must and will claim major attention.

Rivalry
Traditional rivalry is the thing that pays off the mortgage. But overnight rivalry, engendered by the momentary prominence of the principals involved, this time takes the play away from mere tradition in at least two cases. Carnegie and N. Y. U. haven't been rivals for too many years but if Carnegie wins it will fall heir to as sound a claim on the national title as ever a team had. Likewise, West Point and Nebraska are meeting for the first time but victory will be a prize rich in the gift of its consequences.

Wrong Club
The ninety-eight percent wrong club has just concluded its weekly meeting. The club would rather be right than president but it doesn't look as though it ever is going to be either. The club, according to its custom, has gone about arranging things for the week end, not wishing to leave anything to chance. In fact, about every element of chance for the winners nominated was eliminated when the club arranged the following results:

Tech Touted
Carnegie Tech beats N. Y. U. Army beats Nebraska, Yale beats Harvard, Stanford beats California and Minnesota beats Wisconsin.

The club has averaged more than 70 per cent in major games for three straight Saturdays, thereby surprising itself among others, but it has more than lived up to its name with

Raskowski Is Omitted From All-Star Ranks; Fessler, Ohio, At End

Chicago, Nov. 23.—Only one member of the Ohio State grid squad was named on the coaches' mythical All-Western conference eleven, picked for International News Service by Big Ten coaches today.

Fessler, Ohio right end, was named for that position. Raskowski, All-American tackle in 1927, was not named for either tackle position, four being given preference over him. Three, Wagner, of Wisconsin, Nowack, of Illinois, and Pommerning, of Michigan were tied for the right tackle position. Schleusner, Iowa, was selected left tackle.

Purdue and Chicago were the only teams in the conference who failed to qualify a player. Here is the team:

Fessler of Ohio, right end; Wagner of Wisconsin, Nowack of Illinois, Pommerning of Michigan tied, right tackle; Gibson of Minnesota, right guard; Randolph of Indiana, center; Haycraft of Minnesota, left end; Schleusner of Iowa, left tackle; Vestra of Iowa, Poe of Michigan, Kreske of Wisconsin, tied, left guard; Howde of Minnesota, quarter; Glasgow of Iowa, right half; Bennett of Indiana, left half, and Holmer of Northwestern, fullback.

MOVIES

"BROTHERLY LOVE"

Karl Dane and George K. Arthur score a touchdown of laughs in their new comedy feature, "Brotherly Love" with its collegiate prison football game as the prime motivation. In the new Metro-Goldwyn-Mayer fun feature which is at the Grand tonight and Saturday, the great comedy team outdistance their previous successes and bring to the screen new characterizations that will delight their world of fans and add many new ones to the ever-growing family of laughsters.

Dane, beloved since his first screen role as the big doughboy in "The Big Parade," again serves as the blundering bulk who tries to head off his diminutive partner's romantic zeal. Arthur, who is frequently downed on the gridiron, is never cut for a minute and always manages to fend off Dane's tackles and finds his goal in the arms of the girl he loves.

The story is a broad satire on "reform" prisons where convicts are coddled so much by an idealistic warden that they fight to get in but wouldn't be tried to leave "dear old Newberry."

Jean Arthur (no relation to George), is the warden's pretty daughter for whose affections the rival disrupts the peacefulness of the mah-ran hogewog.

North Beach section to the Ferry building and beyond.

Thus "Waterfront" the first National picture co-starring Dorothy Mackall and Jack Muihan at the State theater tonight and Saturday has a background certain to provoke interest, because it is laid in that district of San Francisco, with accompanying sequences on the ferry boats, a tugboat and a tramp steamer, with its romantic cargo from the spice laden isles of the Pacific.

This new comedy-drama interprets with great attention to atmosphere and local color, the story of a young girl, daughter of a doughy tugboat captain and her romance with a good-looking and happy-go-lucky oiler on a tramp vessel. Other characters come and go, but these two predominate and their love affair, stormy as the seas themselves, results finally in a happy ending. Throughout there is fun and fascinating character drawing.

STYLE EDICTS

Paris, Nov. 23.—Costumes for southern resorts are now being shown for the fortunate woman who never dream of tarrying in Paris after the Christmas holidays. Shantung is used for daytime frocks, sometimes worn with a short loose jacket of printed blouse or crepe de Chine the froufrou of a charming morning costume for Riviera wear that is certain to be popular this winter. Another has a short jacket and one-piece frock of beige angora kasha trimmed with narrow enameled bands of a darker shade of the same material.

Long straight coats of taffeta lined with the same material in a brighter hue are one of the features for southern wear this winter. One called "Cocktail Party" consists of a sleeveless white frock of a new silk and wool material, called "brazila," combined with white georgette and a long plain coat of black taffeta lined with bright blue silk and buttoned from chin to hem with round bright blue buttons.

Pyjama lounge suits come with long trousers and loose jackets. One in a dark brown woolen has a bright green blouse and scarf.

A short jacket on the old-fashioned cardigan order is being shown with the two piece sports costume designed for southern wear. It is often of the same material as the sweater, sports coats of the same color with loose backs and ample sleeves, patch pockets and usually fur collars are worn with simple frocks as well as the sweaters and tweed skirts of the real sports costume.

A short jacket made of satin to match the evening frock and embroidered in a deep band of gold will be very practical for theater or restaurant this winter.

Pedestrian School for Vienna Lads

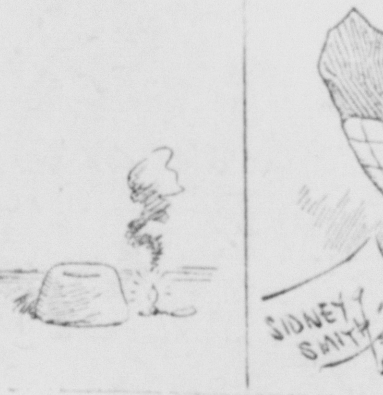

Vienna, Nov. 23.—How to be a pedestrian, is the latest school subject in Vienna. The growing number of street accidents induced the authorities to make of the laws of the traffic and the street a separate branch of education.

The Viennese kids will be taught by practical illustrations during the hours dedicated to gymnastics, excursions and visits to public buildings, how to walk, cross the streets and how to avoid the dangers of modern traffic.

About a year ago swimming was introduced as an obligatory subject in the Vienna schools. Education is becoming practical, indeed, in the Austrian capital.

HOME-MAKING HELPS

By Wanda Barton

The Modern Kitchen a "Thing of Beauty"

The minds of the people seem to have turned kitchenward. The federation of the women's clubs are establishing model home demonstrations with the kitchen as the pivotal point. Colleges are forming cooking classes for men as an important part of their training. Brides-elect are taking cooking lessons at women's colleges and school children are getting cooking lessons in the public schools. This culinary wave seems a little difficult to account for unless it is due to the high cost of living, scarcity of ordinary help, or an awakening to the need of economic conditions for better budget building.

No wonder the kitchen has become gay and colorful with all this interest taken in its well being, and a drab kitchen but exposes our ignorance as to what is happening. Department stores, with expert domestic science designers, display model kitchens so the buyers can see what the kitchen should be like, and it is a great help. For there are many people who must see to believe, and many who cannot plan without a pattern.

In planning the kitchen there are a number of things to watch. First the available outdoor light and the situation of windows, arrangement of doors, and available wall space. The location of closets, where they may be enlarged or made more available by deepening, widening or changing door swings. Hanging boxes-in-shelves to carry the kitchen china can be erected over a table to save space. A shelf above the range will hold double boiler, pots, and so on, while under the shelf hooks may be hung to serve as napkin holders, a rack beside the stove may hold the pot covers, always in the way on closet shelves. In a small kitchen the disposal of a lot of needed things, placing them handily where they are needed. Nested bowls and cooking pans also save storage room. If there is room for the kitchen cabinet this carries lots of food stuffs that formerly cluttered shelves.

These things are all in containers labeled so they are easy to reach. The kitchen table, which may be turned back so the settee under-

neath is available when it is not in use, is a handy bit of kitchen furniture. The baking table which is fastened to the wall, has folding legs and drops flat against the wall when not in use is another space saver. The ladder stool, high enough to enable you to sit at the stove and stir cooking foods, is also a convenience.

In the adoption of color in the kitchen we find in the end the more conservative choice gives the most lasting satisfaction. Brown and tan make a good combination, tan painted furniture with brown trim, brown and white cooking utensils and crockery, with yellow bowls with brown line trim. Yellow curtains with brown drape at the windows and yellow denim cushions on the settee and in the right bottomed comfy "waiting chair" make for beauty. We often need to wait in the kitchen until something is done, or that must be watched, and one comfy chair is a necessity. The brown rush bottom country chair is just the thing. The blue and white kitchen is as lively and fresh looking as ever and many prefer it, but the gay green, red, pink, yellow and black and white combinations are newer and more striking.

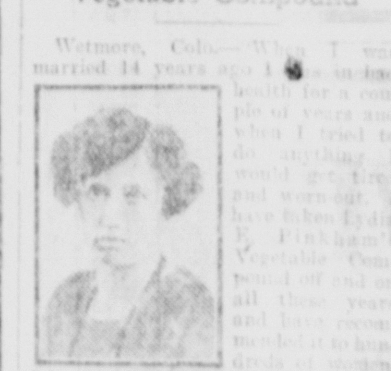

A soft rubber mat before the kitchen sink is a very comfortable convenience. The woven brown and white washable rugs are nice in the brown kitchen and those without fringe look neatest. A rack tacked on the side of the refrigerator for pick and hammer of mallet is handy and does not seem unsightly.

The fascinating yellow pottery, the town sort of stuff, is not only decorative in color and equal to the best, but useful as well. There is such a comfortable look and feeling about a large fat bottomed pitcher. The wide shallow bowls are also convenient for steady use. A harmonious whole should be striven for in colorful kitchens rather than extremes that one soon tires of.

LEETONIA

One of the most enjoyable social events of the late fall season was held on Monday evening when the members of the Leetonia L. C. B. A. celebrated the 25th anniversary of the organization of the order. The affair was held in the K. of C. hall, which was decorated in the colors of the order, yellow and white.

A three course dinner was served with the president of the L. C. B. A., Mrs. Margaret Ready, acting as toastmaster, when the following program was presented:

Blessing by Rev. Father John T. Ruffing; song, the L. C. B. A. Ode; address of welcome and congratulations by Rev. Ruffing; violin solo, Paul O'Neil, accompanied on the piano by Mrs. John Arnold; history of "Our Branch," by Mary Connelly, the first president; aims and accomplishments, Miss Carol of Cleveland, supreme trustee; reading, Miss Mary Kathryn Cavanaugh; progress made in our branch and original poem by Miss Mary McCue.

A large box of 25 blazing candles was lifted and found to cover a number of jeweled boxes, tied in yellow and white. Mrs. M. E. Gaughan then presented these to each charter member, the contents being a white gold friendship circle brooch.

There were also charter members are Mrs. Mary Connelly, Mrs. Margaret Ready, Miss Clara McCue, Mayme McCue. These named are also past presidents; Mrs. Nora Arnold, Katherine Dean, Mary Huffnagle, Bridget Wren, Clara Neihel, Ella Lavelle, Anna Herron, Stella Schisler, Bridget Ryan, Katherine Bradley, Bridget Gallagher, Ella Reardon, Katherine Scully, Bridget McGrath, Anna Lanahan, Katherine Barrett and Hanna Gaughan.

The program closed with prayer by Rev. Ruffing.

The annual autumn school festival will be held this evening in the South Side school building.

First of all dinner will be served in the parish house of the Methodist church across Lisbon st. from the school grounds, from 5 to 8 o'clock.

Beginning at 7 p. m., the school will present two short plays. One will be presented by the teachers of the South Side school; one by the High School, under the direction of Miss Hazel Bechtold. One will present "Lotus Flowers," while the other play will be a surprise number. There will also be vaudeville, under the charge of the Misses Taylor Mitchell and Fritz. A number of the pupils taking part. Thomas Frazer will be present and present several Scottish songs and dance in costume. There will be a popular girl contest, a cake guessing contest, and a chance to name the doll.

Home baking and home-made candies will be on sale. Everybody come and help the schools. The money will be used for the bettering of the school.

The Leetonia Kiwanis and Niles Kiwanis clubs enjoyed an inter-city meet on Tuesday evening, the Niles club being guests of the Leetonia club at the meeting, which was held at the Methodist parish house, where the Busy Bee society served the dinner with covers laid for 90 members of the two clubs.

The visitors were in charge of the program putting on a very enjoyable entertainment. The Niles High school orchestra was present, under the direction of the superintendent of music of the Niles Public schools, and gave several selections. Art Camfield, president of the

Niles Kiwanis club and treasurer of the Ohio State Kiwanis, performed the duties of master of ceremonies. A glee club composed of Niles Kiwanians, gave some fine music. Attorney McQueen of Niles gave the address of the evening. He spoke on the obeying of the laws of the land and said Kiwanis members should set an example for others by being always ready to obey the law. Dave Evans, state chairman of Kiwanis was a guest, as was also Dr. Moore of Girard.

The attendance prize, a subscription of one year to the Leetonia Reporter, was given by H. D. Arnold, and won by J. H. Resenfest, secretary of the visiting club.

NEW BOOK HAS EXPLANATION OF COMET'S ORIGIN

Chicago, Nov. 23.—A new scientific book of Genesis, offering explanation of the origin and growth of comets, meteorites, satellites and Planetoids and solving the old problems of the retrograde motion of the outer planets, the "creep" of the moon presents only one face to the earth, is announced by the University of Chicago Press. Dr. T. C. Chamberlain, 65-year-old professor emeritus of geology and paleontology at the university, is the author of the genealogy, called "The Solar Families—The Sun's Children."

Advancing a "chondritic" theory of the origin of the cometary family, Prof. Chamberlain completes the story of the sun's offspring. Formation of planets out of seed-like accretions shot out of the sun under the attraction of a passing star is the planetesimal theory, first advanced by Chamberlain in 1896 and now accepted as displacing the nebular hypothesis of La Place.

Expelled By Sun
The chondrites which form the comets and meteors are like the planetesimals in size and structure save that they are not given the abnormal motions imparted by a passing star, but are constantly being erupted by the sun, which has a propulsive power almost equal to its power of attraction.

The passing star, probably dead, swept by the sun from the southern heavens in a hyperbolic curve at tremendous momentum, within the range now occupied by the outer planets, and threw them, in a disk, in revolutionary motion about the sun, where they remained in equilibrium by centrifugal force.

It imparted great mass to the spirally whirling cooling gases, and the fact that the particles were all moving in the same direction enabled them to grow around solid metallic cores.

The chondrites constantly being ejected from the sun, having dispersive motions, fall back to the sun unless they are propelled out far enough to be stopped by the light push of neighboring stars. In the latter event they are then thrown into narrow elliptical orbits and form into swarms around their mutual center of gravity and become the heads of comets.

Never Dangerous
They never form cores because of their motions and are never dangerous because of their slight substance. Gathering in size in the feeding grounds billions of miles out, they gain speed as they approach the sun and are frequently broken up. Meteorites, which fall about once a day, are accretions of chondrites which coalesced near the sun's heat. About seven billion chondrites or "shooting stars" fall into the earth's atmosphere during a year.

Father Refuses To Discuss Sons' Death

Cleveland, Nov. 23.—Milton S. Waldman, London author, formerly of this city, whose two small sons dropped to their deaths from the roof of a New York apartment house recently, is visiting relatives in this city; it became known today.

Waldman has been here since

North Carolina Island Has No Laws; Is Utopia

Harkers Island, N. C., Nov. 23.—This little island community with its 1,200 inhabitants where Sir Walter Raleigh's ill-fated colonists are said to have built their homes, has no local laws or government and comes to being the Utopia of idealists.

No fights, no lawsuits, no automobile accidents and a great abiding faith in the goodness and trustworthiness of human beings are the points the life of the islanders most vividly bring to mind.

It's 5,000 acres give to each inhabitant his own little plot of ground. The one negro on the island is a servant of a white family. Most of the inhabitants are fishermen.

Lying off Core Sound, off the coast of North Carolina, the island is "sufficient unto itself." Its pleasures are simple and its life quiet. Its interior is a beautiful jungle of yapon trees bedecked with myriads of scarlet berries, pine trees and wild flowers, all cut by winding paths trod by fishermen for years.

Its folk share the sport and profit when a whale occasionally appears off the coast and is captured. The shore front is covered with racks for drying fishing nets, and in the sound are numerous small boats at anchor. The homes of the islanders are situated on the southern shore of the island.

COURT NEWS

Out of Court
The action recently filed in common pleas court by the P. Milliron Transfer & Storage Co., against the Allison-Harris Construction Co., of East Liverpool, has been settled out of court, and at the costs of the defendant. The original petition sought a judgment for \$2,172.32.

Seeks Divorce
Charging that her husband has been willfully absent for over a period of three years, Mary L. Dalrymple through her counsel Raymond Knepper of Wellsville, has filed an action for divorce against her husband, W. Jasper Dalrymple, now Tuesday. He refused to discuss the tragic death of his two children and when questioned concerning the case said, "my sons are dead. What more can be said." Waldman said he was writing another book now.

GUARANTEED

PAINLESS

DENTISTRY

DR. STANTON

Dentist

aid to be residing at Irondale. The couple were married Dec. 18, 1918. No children are of issue. The plaintiff seeks a decree, alimony and restoration to her maiden name.

Russell O. Sanor, plaintiff in a divorce action filed against his wife Anna L. Sanor, has been ordered by the court to pay his wife \$50 temporary alimony within 15 days. The parties reside at Hanover.

Leave to File
In the case of Edward H. Coo against Jessie Simms, an action to recover \$650 on an account, the court has granted the plaintiff leave to file an amended petition making Frank C. Simms a party defendant.

Dismiss Action
Because counsel for the Public Utilities Commission of Columbus failed to prosecute the injunction proceeding against Charles C. Harriott of East Palestine, the court has dismissed the action for want of prosecution.

There has been a settlement at

prosecution, and at the costs of the plaintiff.

The commission obtained a temporary order against Harriott from operating a motor truck service without obtaining a state permit. Later he was cited for contempt, the alleged violation of the restraining order.

When the case was first heard the prosecuting attorney's office represented the commission, but the commission failed to back up its case after it had been entered. The dismissal of this case, however, will not prejudice the filing of a new petition in the proper form.

Default
Judgment by default has been entered by Judge C. L. Newcomer in the case of Anna Burgess against Alexander D. Weinswelf for \$314.93. The case had been assigned for trial, but the defendant failed to prosecute the action.

There has been a settlement at

the costs of the defendant in the action filed by Angelo Volio against the Liberty Insurance company. The plaintiff in this action sued to recover \$1,950.

Dismissal at the costs of the plaintiff has been entered in the case of The Enterprise company, against John T. Leighue and others, an action in foreclosure and judgment on mechanics liens.

Realty Transfers
The following real estate transfers have been filed for record: Joseph Hall and wife to Albert Warrington, 65 acres section 27, Butler township, \$1. Correction in deed. J. Charles Orin and wife to Clara B. Butler, part lot 4303, Thompson ave., East Liverpool, \$5.

Assa Null to Stanton E. Null, 65 acres, section 2, Middleton township, \$1.

Frank Tyson and wife to Rudolph Knutti, lot, Leetonia, \$1.

VISIT GREAT INDIAN HEALTH DEMONSTRATION AT FLODINGS DRUG STORE TOMORROW

Famous Nurse Will Be Here Saturday Only to Explain the Merits of This Fine Old Indian Remedy Owa-Ton-Na

DONT TAKE DRUGS

She Warns Sick and Ailing People of Salem

Convinced that the crying need of suffering men and women of today is the health building benefits of Indian herbs, roots and barks, Mrs. Hazel Hall, noted nurse has consented to give the public the benefit of her experience.

HAZEL A. HALL

She says: "In all my experience with ailing humanity, I have never seen such wonderful results from the use of any medicine as I have from the use of Owa-Ton-Na. I have had the pleasure of interviewing thousands of sufferers from kidney, liver, and stomach disorders, rheumatism, neuritis, nervousness, and general run-down conditions of health, and know results that have been obtained from using this fine old Indian remedy, Owa-Ton-Na. The results in many cases are almost beyond belief.

"My connection with this wonderful medicine was brought about through the recommendation of nurses now demonstrating Owa-Ton-Na in New Jersey and New York, telling me of results which are marvelous and to satisfy myself, I personally interviewed a number of them and learned from them their true condition before taking Owa-Ton-Na and the results they received.

"I am thoroughly convinced of the merits of Owa-Ton-Na and if you are suffering, call at Flodings Drug Store, corner Main and Lundy Streets for today only. Do not delay as the demand for her appearance in other cities makes her stay here limited.

LEARN ABOUT OWA-TON-NA

THE NON-ALCOHOLIC HERBAL PREPARATION

If you have constipation, gas, bloating, indigestion, cramps, heartburn, acidity, sour stomach, bad taste in the mouth, rheumatic aches, swelling in joints, back ache, sleeplessness, kidney and bladder weakness, scalding sensation, dizzy spells, getting up nights, tired, worn out feeling, pale skin, cold hands and feet, loss of breath, pimples, boils, loss of weight; these are all danger signals sent by nature to warn you before complete breakdown.

Thousands right here in this vicinity suffering from run-down health can testify to the results of Owa-Ton-Na. It is safe and sure, contains no harmful drugs, no narcotics, no dope, no alcohol. You will notice its marvelous benefits in these conditions. Learn about it today.

CHIEF OWA-TON-NA

FORMER CANTON DRUGGIST RECOMMENDS OWA-TON-NA

D. W. Baker, 2219 Eleventh Street, S. W., now retired, conducted a drug store for years at 1806 Ninth Street, S. W., says: "In all my years of experience as a druggist, handling every medicine on the market, I know of none that gave such wonderful results to my customers, who were suffering from Stomach Troubles, such as Gas, Belching, Bloating, Acidity and Sourness, Indigestion, Cramps, Constipation, Dizzy Headaches, Nervous Condition and Loss of Weight as Owa-Ton-Na did.

"I have seen cases of Rheumatism that were pronounced incurable, permanently relieved of their pains and suffering. For these reasons I am a booster of Owa-Ton-Na and recommend it to suffering humanity."

If you are suffering, why not see Nurse Hall today and have a confidential talk with her about your condition. She will be at Flodings Drug Store, corner Main and Lundy Streets for today only. Do not delay as the demand for her appearance in other cities makes her stay here limited.

RELIABLE USED CARS

We Tell You The Truth About Our Used Cars

When you buy a used car it's pretty hard to tell its condition just by looking at it.

Our appraisal of every used car is based on our mechanic's knowledge of its actual worth. And when we sell it we will always tell all we know about it.

We want you to be satisfied with the used car you buy here because we want to keep you as a used and new car customer.

It pays, in the long run, to buy a used car from a Buick dealer.

THE GREAT ATLANTIC & PACIFIC TEA CO.

IN 1842—

The first bath tub Ever installed In America Was made and placed By Adam Thompson In Cincinnati. It was a huge Bulky affair Made of wood And lined with lead And weighed about A thousand pounds. A few years later In Boston town A law was passed Making it a crime To take a bath In the winter time. It seems quite strange To us that live At the present time When a frequent bath Is a necessity In keeping fit. For the daily grind, That any one Should ever think That the frequent bath Should be anything But beneficial And when we think Of the wonderful stride That has been made In sanitation In the short space Of Eighty-Six years, We can but marvel At the steadfastness Of the plumbing trade Who brought about Such marvelous change In less than the life Of many old folks. We ask you to point To any other craft Who have achieved In such a short period As great a result. Excepting, of course, The motor car trade. We're proud of the fact That we represent In a small way The business that is Responsible For such progress.

Don't Score Weatherman If He Is Wrong; It Is A Big Job

Elements Play Tricks On Most Experienced Of Prognosticators

Columbus, Nov. 23.—"Fair and continued cold tonight. Cloudy tomorrow with rain in southeast portion. Rising temperature."

How often, in the course of a 12-month, do you toss your pennies to the newsboy for a newspaper and anxiously scan the weather report for that week-end motoring, fishing or hunting trip you have been planning for so many weeks? Did you ever stop to think of the roving finger of Uncle Sam, noting—here, calculating there—and all to bring you those few, important words which may turn the long awaited holiday into a joyous occasion or plunge you into gloom as you watch the steady pat-pat of rain drops beating against your window?

Behind Stage
Let's go behind the stage—the United States weather bureau at Columbus. In his office, atop a 12-story building, sits Director W. H. Alexander, a weather-wise eye cocked at a mammoth map of the United States and a portion of Canada, wherein is portrayed the drama of the elements fighting for supremacy. Sunshine struggling to break through in Idaho, a low pressure area triumphantly sweeping its way eastward. And all the while this veteran of 30 years in the weather service, coldly analytically calculating the result on Ohio and West Virginia.

Every 12 hours, at 8 a. m. and 8 p. m., brings a flood of reports from observers posted strategically throughout the nation on their local weather conditions. Should Oregon, on the Pacific, report a high pressure area and Maine, the eastern outpost on the Atlantic, report a low pressure area overshadowing reports from other observation centers, these positions on the map are circled in red crayon with the designation "high" or "low." Other stations throughout the country, reporting clear or cloudy weather are circled with a clear circle or a dark one and the temperature and air pressure of each noted.

Winds Effect Weather
Winds from the high pressure area spiral away, due to the rotation of the earth, toward the low pressure area, much in the manner of water flowing from a high level to a lower one. The direction of the wind is never straight however, the earth rotating on its axis tending to send the wind in an irregular, curving line. For this reason the wind from the low pressure area and that from the high pressure air never meet.

Velocity of the wind, conditions intervening between this locale and that of the approaching low pressure area all are taken into consideration in forecasting the day's weather. And in this connection, delicately balanced and in some cases electrically controlled instruments are used.

A barometer, similar to that used on shipboard, is used to record the air pressure. Another instrument, the barograph, which permanently records on a revolving cylinder varying air pressures is also brought into play. Velocity and direction of the wind is measured by four cups mounted on a revolving spindle on the roof of the observatory.

Tells Wind Speed
Three cups are alternately convex and concave. The convex cups offering more resistance to the wind than the concave type. The cups revolve one-third as fast as the wind is blowing, 500 revolutions per minute indicating one mile per minute or 60 miles per hour velocity. The velocity and direction of the wind are recorded on a similarly revolving cylinder by means of a small pen tracing on imperishable record of each day's varying zephyrs or cyclones.

Always interesting, in fact warmly so in the summer time, is that ore of precipitation and wilted collar bands—humidity. This is determined by two exactly similar psychrometers, much like ordinary thermometers, mounted on a tripod. Each has a mercury content at the base. A piece of cloth wrapped around one, the other is vacant. The cloth is thoroughly soaked and the tripod then whirled rapidly. Action of the breeze created by the whirling of the tripod serves to evaporate the water and sends the mercury in the covered thermometer upward. The difference in readings between the uncovered and the covered thermometer is figured on a percentage basis and represents the humidity.

The paternal far-seeing eye of the weather service is not concerned solely to forecasting. Over 100 stations are maintained throughout Ohio to watch the rise or fall of various streams. In this way ample warning of an abnormal rise of any river is made known to the central bureau at Columbus immediately. Here the reports are correlated and warnings sent to chiefs of police, newspapers, railroad, telegraph and telephone companies and the local observers on the rivers are prepared at any time to warn persons living in a potential danger zone.

Execution Date Set

Columbus, O., Nov. 23.—Setting Jan. 11 as the date that John Bradshaw, Columbus negro, must go to the electric chair at Ohio penitentiary the Franklin county appellate court today had affirmed the verdict of a jury in common pleas court here which found Bradshaw guilty of first degree murder for the killing of Katie Young, on Feb. 25, last.

TRY THE SALEM NEWS

Asks Resignation

Cleveland, O., Nov. 23.—City Manager W. R. Hopkins today had demanded the resignation of Service Director W. S. Ferguson by Dec. 10, according to reports filed in the city hall here.

Youngstown—Dr. C. C. Booth, 65, who built what was said to be the first automobile in Ohio, died of pneumonia here recently. Dr. Booth built a successful automobile in 1894.

Dover, O.—Women will be admitted as members of the aviation club being organized here, to purchase a Waco student plane and to secure a government instructor.

You did Right!

It is always safe to give a Bayer tablet; there is not the slightest harm in genuine Aspirin. You have the doctor's assurance that it doesn't affect the heart. And you probably know from experience that Bayer Aspirin does banish all sorts of pain in short order. Instant relief for headaches; neuralgia, neuritis. Rheumatism, too. Nothing like it for breaking up a cold. At all druggists, with proven directions enclosed.

Aspirin is the trade mark of Bayer Manufacture of Mononitrobenzoic acid of Salicylic acid

TOWN GOSSIP

PUBLISHED ON FRIDAYS EDITOR "LOCK"

AROUND TOWN

Salem will miss John Bustard, who passed away last week. His place as a Salem citizen and booster will be hard to fill.

TWO REASONS WHY

You should buy your fruits and vegetables here for Sunday and Thanksgiving. First—Lowest prices; Second, Best Quality.

A RECIPE FOR THANKSGIVING

CHESTNUT TURKEY STUFFING

3 cups boiled chestnut meat

1 1/2 cups bread crumbs

1 teaspoon sugar

Pepper and salt

1 cup milk

1 cup butter

Mash the chestnuts and bread crumbs together. Add seasonings, milk and butter and mix well.

Stuff the turkey as with any other dressing

GOT A SWEET TOOTH?

If so, we can satisfy it with our line of candy, which is now on sale at very low prices.

LEETONIA

On Saturday the annual potato contest will be held, under the auspices of the local Kiwanis club, in the lawn building on the corner of Main and Walnut sts. Boys and girls who were furnished seed potatoes by the agricultural committee, will be eligible to compete for the ten prizes.

Each contestant is asked to bring one peck of potatoes for which the Kiwanis club will furnish boxes, the potatoes to become the property of the Kiwanis club. All potatoes must be in the store room by 12 noon. In connection with this, an apple show will be held, competition open to both Columbiana and Mahoning counties. First and second prizes will be given for the following variety of apples: Baldwin, Banana, Ben Davis, Delicious, Golden Russett, Glate, Greening, Grimes Golden, Jonathan, King, King David, McIntosh, Northern Spy, Rome Beauty, Spitzenberg, Stayman's Winesap. Weighing York Imperial. Others not listed, can be shown in one class, all competing together.

The Women's Missionary society of the Presbyterian church, held a "Missionary tea" in connection with their regular monthly Missionary program at which members of the Women's Missionary societies of both the Methodist and St. Paul's Lutheran churches were invited guests. The meeting was opened by singing, "I Gave My Life For Thee" and "We've a Story to Tell," with Mrs. Stanley Prior at the piano. Mrs. William Fails, the president of the society, who was in charge of the program, then offered pray-

er and read Acts 13. She gave a short talk on the work of St. Paul. In the absence of the secretary, Mrs. R. C. Harrold, Mrs. Eva S. G. Ashley read the minutes. A very interesting and instructive address was then given by Mrs. Charles Moke of Youngstown. She told of the carrying of the Gospel to the state of Oregon by Rev. Marcus Whitman and Mrs. Whitman in the year 1843 and told of the hardships they endured.

A vocal solo, "Shepherd of Israel," was given by Mrs. James S. Hall, with Mrs. E. P. Stonetaker playing her accompaniment. The pastor of the church, Rev. J. D. McBride, then gave a short talk. He told of a western trip he had made where he saw a monument marking the place of the first mission planted in Oregon, and the neglected cemetery where lay the bodies of the early missionaries. "O Zion Haste," was given. A social hour followed the program, during which refreshments were served. During refreshments a violin solo by Arthur Prior, accompanied by his sister, Miss Ruth Prior, was much enjoyed.

The Leetonia officials have given permission to the Volunteers of America to hold "Heart Day" in Leetonia, tomorrow. On this day a

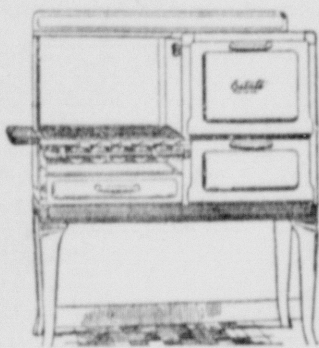

number of the children will sell heart tags, the money to be used to help destitute wives and children of prisoners in the penal institutions of the state. As heretofore, prizes will be given to the children selling the largest number of tags, or rather bringing in the largest amount of money.

Leetonia lodge, No. 461, F. & A. M. will hold a special communication on Friday evening, for the installation of officers for the ensuing year. Miss Eleanor Ashley has withdrawn from college at the University of Michigan at Ann Arbor, on account of ill health. Miss Ashley is in her junior year.

Mount Vernon, Ia.—The educated fleas have rivals—the trained oysters of Prof. W. E. A. Slight, head of psychology department of Cornell college here. Slight declares that after a month's regular feeding on corn meal and water, some oysters which he packed in seaweed would jump over on their backs and open their mouths like hungry birds when meal time came. Slight admits his training process had one handicap—the oysters lived only five or six weeks.

TRY THE SALEM NEWS

A WONDERFUL RANGE

YET IT COSTS SURPRISINGLY LITTLE!

In the new Estate Gas Range you will find all the modern improvements that you expect—and many more.

It has the famous Estate Fresh Air Oven (built like a double boiler) which assures the same uniform baking results every time and in every part of the oven. There is also the Therm-Estate Oven Heat Control—removable one-piece oven sides and removable oven bottom—concealed hinges, nuts and bolts—handy utensil drawer—these are just a few of the Estate features.

And the most remarkable feature of all is the unusually low prices that make these new Estate Gas Ranges exceptional values. Come in and let us show you these beautiful new models.

WASHINGTONVILLE

The Women's Home Circle club members were entertained on Wednesday evening in the home of Mrs. Charles Geiger. Mrs. Ray Stouffer and Mrs. Charles DeJone were special guests. The evening was spent with fancywork and contests with Mrs. I. G. Davis and Mrs. C. R. Taylor winning honors. The contest served lunch. In two weeks the club will be entertained in the home of Mrs. C. R. Taylor.

A number of young girls were entertained on Friday evening in the home of Miss Lola DeJone. In the contests which entertained prizes were won by Twila Lederle, Betty Martin and Phemie Murphy. Lunch was served. Twila Lederle will be the next hostess in two weeks.

Mr. and Mrs. August Mather and daughter and Mr. and Mrs. Harry Wilkinson and children spent Sunday with relatives at Beaver Falls. The Ladies Aid of the Lutheran church met in the home of Mrs. David Weikart on Tuesday evening.

The church party given by the Pythian Sisters on Tuesday evening was largely attended. Prizes were won by Mrs. Leon Vignon and Fred Girard and Miss Hazel Vignon and Frank Boston received the consolation gifts. Lunch was served.

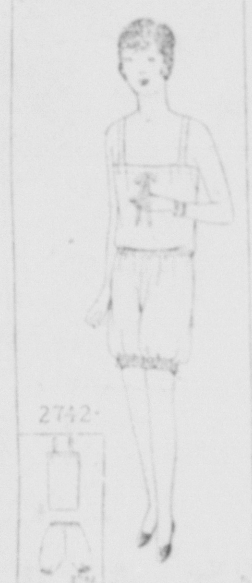

About 16 members of the Epworth league attended the district convention at East Palestine on Tuesday evening.

Services will be held at the Methodist church on Sunday at 10:45 a.

Daily Fashion Hint

52

CONCEALING FLAWS

SHORT AND KNICKERS SET

Practical and dainty look is this little underwear set for the growing girl. It is all that is needed under heavy school dresses, since it covers the figure entirely. The slip-on shirt has hems at upper and lower edges. Ribbon is inserted through the hem at the upper edge and shoulder straps are attached underneath. Elastic is inserted through hems at upper and lower edges of the knickers. The shirt is reinforced under the arms and the knickers inside the leg seams. Suitable fabrics include rayon silk, crepe de Chine, muslin, or flannel. Pictorial Printed Pattern No. 2742. Sizes 6 to 16 years, 25 cents.

Look in tomorrow's paper for an attractive and simple made home frock.

m. and 7:30 p. m. to which the public is invited. At 6 p. m. services will be held at the Franklin Square Church, Rev. Hager, is pastor.

The catechism class of the Lutheran church will meet on Friday evening instead of Thursday evening. Sunday school at 9:45 a. m., evening service at 7:30. Rev. G. D. Kleister is pastor.

BELOIT

Mrs. O. Jacobs, E. Goshen, preached at Beloit Friends church Sunday at the morning and evening services in the absence of the pastor who had charge of the services at the Alliance Friends church Sunday.

Emmett Weizenacker who has been ill is able to be back on duty at the Weizenacker Grocery company.

Little Billy Brubaker, son of Mr. and Mrs. Lewis Brubaker who have been in the Central Clinic, Salem for several weeks was brought home Monday. His leg was put in a cast which will be kept on for three weeks or longer.

Mr. and Mrs. H. N. Roshong and Mr. and Mrs. Jerry Sharer of Canton, visited Mr. and Mrs. H. R. Israel Sunday.

Rev. and Mrs. Crumrine and Mrs. George Thompson motored to Cleveland Tuesday, while they called on Miss Mary Thompson and Mr. and Mrs. J. A. Thompson.

Mrs. Arthur Thomas, transacted business in Ravenna Wednesday.

Mrs. Cora Burns and Louise Jane Israel was Alliance callers Wednesday.

Discoveries of extensive lead deposits have given Bolivia the prospect of becoming one of the world's greatest producers of that metal.

New Baby Disturbs Tired Office Worker

"When my oldest boy was just a few weeks old he was badly constipated from my milk," says a Nebraska mother. "He kept us awake so much, my husband almost slept over his desk at the office. Then my doctor got us to give Baby some Castoria and the next day he was much better. His stomach and bowels began acting perfectly and he gave us no more trouble." Avoid imitations of Castoria. The genuine signature marks the genuine, pure, vegetable, harmless Castoria, doctors everywhere advise for those ill of babies and children, such as colic, constipation, colds, biliousness, etc.

Makes Any Man A Real Sheik

You can't attract the girls with a beard that makes you look like a coal-heaver and that feels like sandpaper. Here's a good tip. There's a new and different shaving cream that works like a charm. No irritating soaps in it, yet it makes a thick, wonderfully cool lather. Softens any beard instantly. Cuts shaving time in half, saves blades. Finally, it leaves your face soft and smooth for hours. Ask for KEEN Shaving Cream today. Money back if not delighted. If unable to get at drugist, send 5c to Glessner Co., Cincinnati, O. Desk 3.

Must Be Sold To Settle An Estate!

41-ACRE FARM WITH 20 ACRES BEARING ORCHARD

On account of the owner's death and the widow being unable to operate the farm, I can offer for sale the Woolman Fruit Farm, located four miles west of Salem and one-half mile south of the Salem-Damascus Road. The farm consists of 41 acres, 20 acres of which are planted to orchard of very best varieties of peaches, apples, sweet cherries, quinces. The orchard is noted for the quantity and quality of fruit produced and is a REAL MONEY-MAKING PROPOSITION. Good nine-room house with furnace heat and water in house. Apple storage of 2,000 bu. capacity in basement. Good basement barn. Large tool shed and other out-buildings.

If you are looking for a well-located SMALL farm with a LARGE income investigate at once.
